

Multidisciplinary Endorsement

All students can thrive with the proper tools and resources to prepare them for their career paths. The goal of a career endorsement is to equip students for life after high school by ensuring they have everything they need to obtain a postsecondary degree or industry certification that reflects their individual passions and skills.

Career Endorsements help prepare students for high-demand careers. There are many paths to success, and all are worth celebrating.

WHAT IS AN ENDORSEMENT?

An endorsement is an option students can add to their high school diplomas to show knowledge and/or skills gained in one of five broad subject matter areas: STEM, Arts and Humanities, Business and Industry, Public Services, or Aerospace and Defense or in Multidisciplinary Studies. To get an endorsement, students must complete a logical sequence of specific courses and activities approved by their districts. The following are suggestions. Decisions about endorsements are at the determination of the district.

Schools will use this endorsement guide to:

- › Collaborate with industry leaders to build customized pathways so students can earn endorsements from high-demand industries.
 - For example, a district and employer may build an agreement allowing students earning an endorsement to automatically qualify for an internship with their organization.
- › Collaborate with local postsecondary educators to build customized pathways for students to earn endorsements.
 - For example, a district and university may build an agreement allowing students earning an endorsement to opt out of first year academic advising on campus.

Students will use this endorsement guide to:

- › Accompany their ICAP plan and take steps toward gaining meaningful experience in their chosen career pathway.
- › Locate college and career preparation events in their area.
- › Research Oklahoma's fastest growing industries.
- › Participate in career training programs to meet future workforce needs.
- › Connect with community mentors passionate about giving students the opportunity to succeed past high school.

Multidisciplinary Endorsement

Many occupations require you to build knowledge from more than one endorsement, with the Multidisciplinary endorsement you can explore more than one career or academic pathway, so your options remain more flexible. To earn the Multidisciplinary Endorsement, students can combine at least 10 points from across the domains of: Academics, Leadership, Experience, and Service from at least two career endorsements.

- › [STEM](#)
- › [Aerospace and Defense](#)
- › [Arts and Humanities](#)
- › [Business and Industry](#)
- › [Public Services](#)

	OPTION 1	OPTION 2
Academics	At least 4 points	At least 4 points
Leadership	At least 3 points from two areas	At least 2 points from each area
Experience		
Service		
Total	10 Points	10 Points

Some courses taken during the high school years may be eligible to count toward more than one domain or may only be eligible for domains other than Academics. Please review this table carefully when planning your pathway.

CAREERS BY PATHWAYS

Oklahoma's [Critical Occupations](#) include jobs that are in-demand and make high wages. Many of these occupations have skills that translate to other similar jobs and industries. Explore how you can use experiences gained from your endorsement to enter and advance in these careers in industries that are vital to growing our state's economy.
