

Career Interest Assessments

OK College Start, OK Career Guide, and the PSAT have options to help students complete this portion of their ICAP. A brief description of each is included to help schools determine which assessments are most appropriate for their students each year.

**** Reminder: Students are only required to complete 1 assessment per school year**

OK College Start

Basic Skills Survey

A tool designed to assess skills in core areas and match them to career options. Users are presented with a series of statements in a checklist format. These statements are concrete activities that illustrate advancing levels of achievement.

Career Cluster Survey

A short quiz that can help users narrow down a cluster to further research. The survey asks users questions about themselves, and then gives them a list of clusters matching their criteria.

Career Key

An assessment tool catering to middle school students. It helps individuals identify their work-related interests, gain self-knowledge about their vocational personality type, and develop career awareness of matching occupations.

Interest Profiler

An assessment tool that helps individuals identify their work-related interests, gain self-knowledge about their vocational personality type, and develop career awareness of matching occupations.

Transferrable Skills Checklist

Helps users review their work history transferable work skills. It identifies and assesses their skills to match the users' skills to career options. The tool used by youth who are in the checklist can also be the process of developing career plans, allowing them to zero in on skills they wish to acquire.

Work Values Sorter

An assessment of the values a person considers important in a work setting. It is intended to build students' self-awareness about their personal values, help them gain a more complete picture of who they are, and help them decide which career path promises them the best chance of success in the future.

OK Career Guide

Kuder Career Interests Assessment

What do you like to do?

Rate how much you would like or dislike each activity. When you're finished, your highest interests will be matched with careers that you may enjoy.

Kuder Skills Confidence Assessment

What do you believe you're good at doing?

Rate how confident you are that you can accomplish each activity. When you're finished, review the skills you have and explore careers that need those skills

Super's Work Values Inventory-revised

Learn what is most important to you

Rate how important work-related values are to you. When you're finished, your values will be matched with careers that you may enjoy.

PSAT

According to the College Board's [Development of Student Career Matching Algorithms from the SAT® Suite of Assessments](#) document, a student's PSAT-related scores and O*NET occupational data are used to provide various indices of student-occupation match. Skills in Math, Reading, or Writing and Language are used to determine the occupational "best bets" for students.
